Georgetown Community Center – COVID Event Checklist – July 2nd, 2020

- Events being held at Georgetown Community Center are limited to 50% of the facility's total listed occupancy. The facilities total occupancy is 440, 50% would be a maximum of 220 guests
- Events are recommended to utilize the outdoor space which encourages social distancing
- Client's employees and contractors are not counted towards the 50% occupancy limitation
- Client is choosing to host their event at their own risk.

Out of growing concerns about the alarming increase in COVID-19 cases, **a statewide mask mandate** was issued on July 2, 2020. **Face coverings are now required** to be worn (over the nose and mouth) by all individuals age 10 or older when six feet of social distancing from another individual not in the same household cannot be maintained. **Face coverings are required in Georgetown Community Center.**

The virus that causes COVID-19 can be spread to others by infected persons who have few or no symptoms. Even if an infected person is only mildly ill, the people they spread it to may become seriously ill or even die, especially if that person is 65 or older with pre-existing health conditions that place them at higher risk. Because of the hidden nature of this threat, everyone should rigorously follow the practices specified in these protocols, all of which facilitate a safe and measured reopening of Texas. The virus that causes COVID-19 is still circulating in our communities. We should continue to observe practices that protect everyone, including those who are most vulnerable.

Health protocols for events and attendees:

- Face coverings are required when individuals are seated for the wedding ceremony, standing and walking, including when in line for the buffet or bar, when getting up to use the restroom and when on the dance floor.

Face coverings are not required when individuals are seated at a reception table, actively consuming food or drink.

Face coverings must cover both the nose and mouth and attached securely behind the ears.

Face coverings do not substitute for the need to maintain physical distancing. Face coverings, combined with 6 feet of distancing, decrease the risk of spread.

Face coverings should not be placed on children younger than two years old, anyone who has trouble breathing, or is unconscious, incapacitated, or otherwise unable to remove the cover without assistance.

- Attendees should self-screen before going into the facility for any of the following new or worsening signs or symptoms of possible COVID-19:
 - Cough
 - Shortness of breath or difficulty breathing
 - Chills
 - Repeated shaking with chills
 - Muscle pain
 - Headache
 - Sore throat
 - Loss of taste or smell
 - Diarrhea
 - Feeling feverish or a measured temperature greater than or equal to 100.0 degrees Fahrenheit
 - Known close contact with a person who is lab confirmed to have COVID-19
- Attendees should wash or disinfect hands upon entering the facility and after any interaction with employees, other attendees or items in the facility. A hand sanitizing station will be available upon entry to the facility.
- Parties must maintain at least 6 feet distance apart from other parties at all times, including while waiting to be seated at the reception.
 - If such distancing is not feasible, other measures such as hand hygiene, cough etiquette, cleanliness, and sanitation should be rigorously practiced.
- No tables of more than 10 people.
- Dining:
 - Individually packaged meals are recommended, however if a buffet is offered by the client, all food and beverages must be served and handled by catering staff. Attendees will not be allowed to serve themselves under any circumstances.
 - Do not leave condiments, silverware, flatware, glassware, or other traditional table-top items on an unoccupied table
 - Provide condiments only upon request, and in single use, non-reusable portions
- Ensure proper spacing between attendees for chairs set up in auditorium style seating:
 - Keep at least two empty seats or six feet separation between parties in any row, except as follows:
 - Two or more members of the same household can sit adjacent to one another, with two seats or six feet separation empty on either side.
 - Two individuals who are not members of the same household but who are attending together can sit adjacent to one another, with two seats or six feet separation empty on either side.
 - Alternate rows between attendees every other row left empty.
 - **Individuals aged 65 or older are at a higher risk of COVID-19. To the extent possible, avoid contact within 6 feet with individuals aged 65 and older. Individuals aged 65 and older should stay at home as much as possible.**
 - Strongly encourage the at-risk population to watch or participate in the service remotely.
 - Designate an area inside the facility reserved for the at-risk population.
