

Make a leaf rubbing to take home with you. How does leaving the leaf where you found it help the environment?

Give a friendly wave to someone you encounter on your walk. How does it make you feel when someone smiles and waves at you?

Take a photo of a wild animal from a safe distance. What makes an animal "wild"? Why is it important to give them space?

Research what a burn ban is. Where can you find information about the burn ban status where you live?

Prepare a snack you can take with you on a walk. How long will your walk be? What else should you be sure to bring?

Take a walk on a designated trail. Why is it important to stay on the trail?

Throw away any trash you make or find in a designated trash can. How could trash be harmful to wildlife?
